The screenshot shows the Pivotal Tracker interface for a project named 'CSCI3308Spring16 (Public)'. The interface is divided into three main columns: 'Done', 'Current', and 'Icebox'. The 'Done' column contains a list of completed tasks, including 'investigate yelp API (PI)', 'Design index.html (PI)', 'create working buttons and forms (PI)', 'link page to yelp API (PI)', 'create basic structure for index.html (PI)', 'leaflet visualization (PI)', 'create testing suite (PI)', and 'autodocument javascript (PI)'. The 'Current' column shows a single task, 'Create user info database (GN)', which is marked as 'Finish'. The 'Icebox' column contains a list of tasks that are not currently being worked on, including 'Test the page for accuracy and bugs', 'create account page', 'create login page / modal', 'basic login', 'discuss User functionality and interaction while using the page', 'Finalize project scope', and 'choose color scheme'. The left sidebar contains navigation options such as 'Add Story', 'My Work', 'Current', 'Backlog', 'Icebox', 'Done', 'Epics', 'Labels', and 'Project History'. The top of the interface includes a search bar and a user profile dropdown.
